

EXPERIMENT-1

Create a simple cloud software application and provide it as a service using any Cloud Service Provider to demonstrate Software as a Service (SaaS).

AIM: To create and provide a simple cloud-based software application using Zoho Creator in order to demonstrate the Software as a Service (SaaS) model.

PROCEDURE:

1. Open a web browser and go to Zoho Creator website.
2. Create a Zoho account and log in.
3. Click on Create App and select From Scratch.
4. Choose Blank App and provide the application name as Online Task Manager.
5. Create a form named Task Form and add fields such as Task Name, Description, Due Date, and Status.
6. Create a List Report to display the tasks entered through the form.
7. Configure user access and sharing settings to allow multiple users to use the application.
8. Save the application and generate the application URL.
9. Access the application through the URL using any web browser.

OUTPUT:

The screenshot displays a web form titled "Task Form" with a light blue header. The form contains several input fields with labels and validation markers (red asterisks). The "NAME" field is split into "First Name" (Dhanush) and "Last Name" (Reddy). The "NUMBER" field includes a country code dropdown (India, +91) and a text input (9949741315). The "Email" field contains "dhanush@gmail.com". The "PLACE" field has a text input "Tirupathi, chittor district" with a dropdown menu showing "buchu reddy palem,nellore district" and another text input "near narayana college". Below this is a "City / District" field with "tirupathi" and a "State / Province" dropdown with "andhra pradesh" selected. The "Postal Code" field has "524307" and the "Country" dropdown has "India" selected. The "ADMISSION NO" field contains "6575" and the "DATE OF BIRTH" field contains "17-Dec-2025".

NAME *	<input type="text" value="Dhanush"/>	<input type="text" value="Reddy"/>
	First Name	Last Name
NUMBER *	<input type="text" value="+91 9949741315"/>	
Email *	<input type="text" value="dhanush@gmail.com"/>	
PLACE *	<input type="text" value="Tirupathi, chittor district"/>	
	buchu reddy palem,nellore district	
	<input type="text" value="near narayana college"/>	
	Address Line 2	
	<input type="text" value="tirupathi"/>	<input type="text" value="andhra pradesh"/>
	City / District	State / Province
	<input type="text" value="524307"/>	<input type="text" value="India"/>
	Postal Code	Country
ADMISSION NO	<input type="text" value="6575"/>	
DATE OF BIRTH *	<input type="text" value="17-Dec-2025"/>	

NAME	NUMBER	Email	PLACE	ADMISSION NO	DATE
Dhanush Reddy	+919949741315	dhanush@gmail.com	Tirupathi, chittoor district, near narayana college, tirupathi, andhra pradesh, 524307, India	6575	17-Dec-
SANDEEP KUMAR	+917780622339	sandeepnallamalli@gmail.com	buchi reddy palem, nellore district, near mahalakshmi temple, nellore, andhra pradesh, 524305, India	1923	17-Dec-

RESULT:

A cloud-based Online Task Manager application was successfully created and deployed using Zoho Creator. The application is accessible through a web browser without installation, and users can add and view tasks online, thereby successfully demonstrating the Software as a Service (SaaS) model.
